Eaton NFR (Not for Resale) program

Eaton is proud to offer a limited "not for resale"/demo program for our loyal customers

For your internal solution

Take advantage of Eaton's NFR program and give your clients the peace of mind to make that next purchase. We offer not for resale equipment to be used for in-house demo. Complete all necessary information on the NFR registration page, found under the "deal registration" tab of the Partner portal. We require photos of your completed installation to be uploaded to the PowerAdvantage® site.

For your customer

Are your customers considering using Eaton in their solution? Then take advantage of Eaton's NFR program to help close the deal. We offer not for resale equipment to be installed at your customers sites for demo purposes. Complete all necessary information on the NFR registration page, found under the "deal registration" tab of the Partner portal.

Certain rules apply:

- **Eaton reserves the right to approve or decline all requests.** Parameters of the request will be determined upon approval. (i.e. free unit, highly discounted)
- **Requested products are not to be resold** and must be used in house or offered to your customer for demonstration
- **Eaton does not require the return of equipment,** unless explicitly indicated in the approval
- **If you would like to swap the unit for a newer version,** please contact us for recycling and upgrade to the next generation solutio.
- **Eaton may also require a testimonial or feedback of the NFR unit per approval**
- **Eligible products are listed in the pull-down menu of the registration page.** Not all models are available and are subject to review/approval
- Services are excluded from this program
