I'VE NEVER SEEN DISCOUNTS LIKE THIS – AND I SEE A LOT!

Eaton's software bundle discount for IT resellers

Offer now extended through the end of 2024!

Eaton makes it simple to stay on top of trends in your environment, allowing you to identify and resolve issues when you use the **Eaton Brightlayer Data Centers suite**. While you're helping customers **reduce operational expenses**, **improve speed and reliability**, and **mitigate risk**, you'll be creating opportunities for yourself to:

✔ Create a stream of reoccurring revenue

✔ Reduce the cost of monitoring and managing newly acquired and existing distributed power infrastructure

✔ Build in value-add for your hardware quotes

Products included in the promotion:

- **Data Center Performance Management** (DCPM)
  Learn more at Eaton.com/DCPM
- **Distributed IT Performance Management** (DITPM)
  Learn more at Eaton.com/DITPM
- **Standard Electrical Power Monitoring System** (EPMS)
  Learn more at Eaton.com/EPMS
  (Foreseer is not included)
- **PredictPulse remote monitoring service**
  Learn more at Eaton.com/predictpulse
